

## **CD-01U/CD-01UPRO V1.02 Release Notes**

The following changes have been made on V1.02

- 
1. A feature to eliminate the Index01 display has been added.  
Pressing the DISPLAY button for more than 2 seconds will toggle the unit between the “No Index01 Display” mode and the normal mode. The mode state is backed up when the unit is powered off.
- 

2. All RS-232C functions are now supported.
-
